**JFK - John F. Kennedy International Airport (Activities)**

Digital Non-Voice Communications			03/19/2010 - 09/30/2015	
Project Initiative	Description	Status	Start	Finish
Digital Non-Voice Communications	Use of digital data communications will reduce routine voice transmissions, hear-back and read-back errors, as well as reduce frequency congestion.	Data Comm Program is in "Final Investment Decision" phase. Implementation for tower services has been moved from 2014 to 2015 due to dependency upon successful ERAM Operational Readiness Decision (ORD) at ZNY.	03/19/2010 A	09/30/2015

This action plan is intended to establish a climate of accountability for the FAA, airports, and airlines. No project will be implemented prior to the completion of all required analysis, reviews and approvals. The information provided is for planning purposes only. For actual Runway and Taxiway Closures, and Equipment Outages, please review current Notices to Airmen (NOTAMs).
